

Physics Students Publish Research in the *Journal of Subatomic Particles and Cosmology*

The Department of Physics at Madhabdev University extends its warmest congratulations to undergraduate student Abhilash (6th semester) and postgraduate student Molina (4th semester) on their recent publication in the *Journal of Subatomic Particles and Cosmology*. The students conducted their research under the supervision of Dr. Dhruba Jyoti Gogoi, a faculty member in the department. The paper can be accessed at: <https://doi.org/10.1016/j.jspc.2026.100428>

Journal of Subatomic Particles and Cosmology

Volume 6, December 2026, 100428

Full Length Article

Geodesic structure and orbital dynamics in 4-D AdS Einstein-Power-Yang-Mills black holes
